

To Whom It May Concern,

Our ProMANAGE partnership has been maintained with pleasure since 2009.

With ProMANAGE we are able to;

- follow all our machines online and instant,
- follow our real time productivity,
- provide to achieve all data in each operational user in every step,
- provide operational awareness with visualization of all data,
- cooperate in order to minimize time loss and machine stopages,
- consolidate and store all our data in one platform,
- unite under the determined GOALS with these reliable data.

We are thankful to ProMANAGE for providing the;

- services which are mentioned above,
- instant back-office service,
- continuously improvements and developments,
- Innovative solutions of our new requirements

We appreciate ProMANAGE employees for their transparent sharing of their valuable experiences.
